Cub Cadet. ILLUSTRATED PARTS MANUAL

50" RZT Series Tractor

CUB CADET LLC, P.O. BOX 361131 CLEVELAND, OH 44136-0019

Printed in USA

Form No. 700-0214

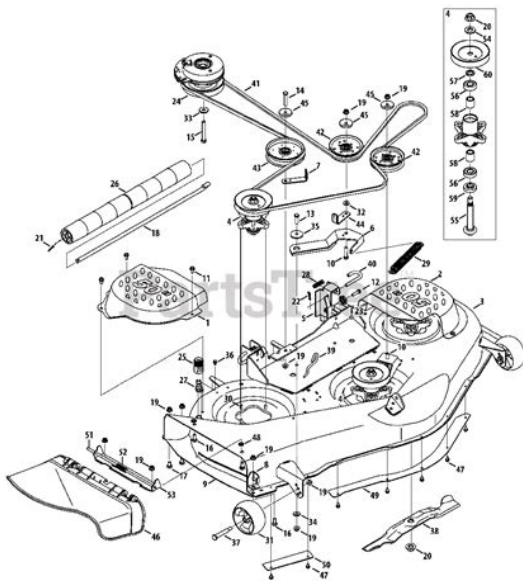

March 1, 2014

Your Cub Cadet products come with years of experience in designing some of the most technologically innovative and customer-focused equipment available. For RZT50 replacement parts, use our Parts Lookup tool. Using the right factory number ensures you'll find the correct spec sheet. Using the wrong factory number can lead to using the wrong parts on your RZT50 mower. They are a leader in building smart outdoor power equipment with advancements that make their products better, and provide a better user experience. Cub Cadet equipment is award-winning. The list goes on and on, but a few of our favorites are the CES Innovation Award, Consumers Digest Best Buy Distinctions, and Popular Mechanics Breakthrough Award. These manuals are for reference purposes only once you are ready to purchase, please either type the exact part number in the search box above, or click the Parts Lookup tab above to use our advanced Cub Cadet parts search. It will help you understand, care for, and lower the repair and maintenance cost for your Cub Cadet. All pages are printable, so you can easily print what you need and take it with you into the garage or workshop. These Cub Cadet IPL Manuals make it easy for any skill level with these very easy to follow, stepbystep instructions. The oil is full. I was told it could be the pumps, transmissions or needs adjusting. My husband bought it he has passed away and I need help. Does anyone know where I can buy a shop manual that shows how to repair this lawn mower. Thank You Rose Mary But with that being said they do publish a service manual for them and you can find it at this link. The service manual for the RZT can be found here. The first place I would look before taking it in to be serviced is the linkage for the relief valve. That's the small rods in the rear that you can pull out to move the mower without the engine running. A lot of grass and debris collects on top of the transmissions and sometimes it doesn't allow the lever to travel all the way. Also all that debris makes them run very hot which can also effect performance.

<https://www.highlandmetals.co.za/wp-content/plugins/formcraft/file-upload/server/content/files/162889ce6a55c0---Candy-aquaviva-1300-instruction-manual.pdf>

I just had this same problem with my ZForce 50 so I pulled the transmissions and changed the oil and so far it seems to have fix it. But I dont know if it was the oil change or just cleaning all the junk off them. The transmission that was acting up had a lot of stuff packed in around the relief lever. How many hours on it. Is it used on severe hills. Heavy hills, pulling anything or high ambient temps DRASTICALLY reduces the life of these hydros. Joel I have 1 hill its not real steep. I have used it to pull a roller 3 or 4 xs. Are you talking about the engine oil or the hydrolic fluid. Thanks for the info Rose Mary Thanks for the info Rose Mary HydroGear doesnt list it on the website anymore, but its 15w40. Here is your hydrostatic drives HydroGear. ZT Series Joel I know in your original post you said the mower has 50 hrs on it but how old is it. I ask because the warranty is normally 2 years.
